Motivation

Motivation is an international disability and development charity that works to enhance the quality of life of disabled people in developing countries.

Motivation works to ensure that local organisations have the skills to build and prescribe wheelchairs that are appropriate for the local environment and fitted to meet the needs of the individual. Motivation also helps disabled people to find employment and to access their rights, enabling them to lead independent and dignified lives. Profits from the Motivation Winter Ball will support our vital work in developing countries.

Praise for Motivation Ball 2008

"Thank you for such a fab ball at the weekend. My party all really enjoyed it. The champagne reception was particularly memorable. What a setting! The food was also excellent and we had a good old boogie to the band which was great fun."
